Specialty Packages

- (16) **Custom Package** – this allows you to design a package that best meets your needs. A custom package is assembled by combining services listed under "Additional Services". The cost of this service includes a \$14.00 base fee plus the cost of the individual items selected. For example, if you want CP (\$6), NDF (\$6), Ca and P (2 minerals, \$10), the cost of the package is \$36. No base fee is required when you select a standard package and add supplemental services to it. For example, if you select #11Ration Balancer (\$43) plus Fat (\$9), the total cost is \$52.
- (207) **Fermentation Profile \$25** – for evaluating silage quality - lactic, acetic, lactic/acetic ratio, propionic, butyric, iso-butyric, VFA score, total acids, pH, crude protein, crude protein equivalent from ammonia, and ammonia N as a percentage of total N. Goal, typical and graphical results are displayed to aid in interpretation.
- (19) **Liquids \$45** – must be used for all liquid products (whey, molasses, etc). Any liquid requesting any other package will automatically be assigned this service and charged accordingly. DM, CP, fat, ash, est. carbs., TDN, NEI, NEm, NEg, ME, DE, Ca, P, Mg, K, Na, Fe, Zn, Cu, Mn, Mo, S.
- (125) **Total Fatty Acids \$49** – fatty acid profile including 14 individual fatty acids plus saturated, MUFA, PUFA, and RUFAL values.
- (12) **Mineral Ingredient or Mixture \$36** – must be used for all mineral products. Any mineral requesting any other package will automatically be assigned this service and charged accordingly. DM, Ca, P, Mg, K, Na, Fe, Zn, Cu, Mn, Mo, S, Co, Cl.
- (17) **Sample Handling fee \$15** – your typical 1 quart sample bag + sample should weigh as follows: hay, 100g (3.5oz); haylage, 300g (11oz); corn silage, 450g (16oz); ground grain/grain byproducts, 450g (16oz); TMR, 400g (14oz). Any samples exceeding these sizes may be assessed the handling fee at our discretion and without notice. This also applies to other atypical samples. Visit our website for more information on sampling or call prior to submitting your samples.
